A LAMP EXPLODES

House Slightly Damaged and a Woman Badly Burned.

Badly Burned.

As a result of a coal-oil lamp explosion at 8 o'cleck last night, a two-story store house, the property of the True Reformers, and located at No. 91 North Thirtteth Street, was slightly damaged by fire, while the wife of Thomas Jackson, an occupant of the building was badly burned about the body. The damage will not be over \$25, and the woman is expected to recover from her injuries.

An alarm was sounded from Box No. 8, and the engines from No. 1 and No! 1, and the truck from the latter, responded. They extinguished the fire at ance.

Lee Camp to Hold Most Important Meeting To-Night. New Orleans Reunion.

May will come up for settlement this evening at the regular meeting, and not for a long time has a matter of more impor-tance been before the budy,

The effort is being made to bring out a large attendance of members, and postal cards telling the members that this matter will be taken up have been sent out

cards telling the members that this matter will be taken up have been sent out by order of the commander. Dr. James P. Smith. The card sets forth that "the question of appropriating \$1,000 to carry members of the camp to the New Orleans reunion will be acted on Friday. March 27, 1903. This is a question of great importance. Please be present at \$ P. M." While many members of the camp are in favor of se expending this amount of the funds in the camp's treasury, others are opposed and are fighting it. The matter was taken up at the last meeting of the camp, on Friday night of last week, and laid on the table until to-night, when all the members could be notified and be present when it came to the vote. There is sure to be a large attendance.

Lee Camp has been particularly anxious to make a fine showing at the New Orleans reunion, and wants to take as large a number of members there as possible. The Howitzers will go as escort and possibly the Blues. They want to take first honors for appearance in the line of march. But many of the members are not financially able to take the long trip unless receiving some aid. The camp has several thousand dollars in the treasury and is in a prosperous condition, with not a great deal of expense, Calie a number of taking \$1,000 and lending assistance to the veterans who need it. It appears now that the members favoring the appropriation are in the majority.

the event they are located beyond the limits of the city, the Committee on Water last night recommended to the

house in question abuts on a street in which there is a water main.

Such a resolution as this was effered at a previous meeting by Councilman Anderson, but action was at that time postponed, pending a thorough consideration of the matter by the committee members. Last night it was taken from the table and acted upon finally, although the patron of the resolution was not present. Of the six members present, Mr. Whalen, of Jackson Ward, was the only one to oppose the resolution. He asked to be recorded as voting no, and this was done. Those who favored the recommendation were Messrs. Mann, chalrman, Bossleux, Sheppard, Zimmerman and Heslep.

done. Those who favored the recommentation were Messra. Mann, chairman: Bossieux, Sheppard, Zimmerman and Heslep.

The action of the committee will not affect those who have already been granted permission to connect with the mains of the city and who are now enjoying the privilege. There are many of these, numbers of applications have ing received favorable consideration at the hands of the body.

During the meeting the plumbing arrangements of the new city jail came in for a, severe criticism. Superintendent Boiling stated that the water arrangement in the prison was of the most extravagant kind, and was not up to the usual standard, while Mr. Sheppard remarked that the condition of the place was deplorable.

As a result the committee adopted a resolution recommending to the Council that a meter be placed in service at the jail, and that the water consumed be for the water, and members are of the opinion that much in excess of this amount is being used annually.

The question promises to assume the proportions of a bone of contention in the Council, for the present rate of \$50 a year was adopted several years ago in the nature of a compromise.

When the resolution was offered some remarked that the prisoners would suffer if the rate was increased, whereupon Mr. Sheppard said he was unable to conceive of how the jail—a new building—could have gotten in such a filthy condition within such a short space of time. If the increased rate would have a tendency to cause the use of less water, he said, he was opposed to it.

Superintendent Boiling said the Stewart from Works had used iron pipe throughout the jail, which costs about one-fifth as much as does lead pipe.

CARTHUSIAN MONKS **MUST GO WITH OTHERS**

(By Associated Press.)

PARIS, March 26.—The Chamber of Deputies to-day completed the government's programme regarding the male religious orders which applied for authorization to remain in France by refusing by a large majority the application of the Carthusian monks, who were separated from the other orders as forming a class apart, they being employed in manufacturing cordial. This is the wealthlest order in France.
